Index to Volume 56, 1978

Compiled by Marilyn Muszalski

No. 1, pp. 1-56; No. 2, pp. 57-104; No. 3, pp. 105-168; No. 4, pp. 169-224.

In order to conserve space, those species listed in the main texts of the Christmas bird count (pp. 20-43) and the four seasonal bird surveys (pp. 11-19, 85-93, 151-159, 200-207) have been omitted from this index.

Sale of Jack-Pine Warbler *Back Issues*

As a service to ornithologists wishing to build or improve their libraries (either personal or institutional), *The Jack-Pine Warbler* is having a one-time sale of back issues. The sale will end 15 April 1979. There are two options:

1. You may purchase one copy of every available back issue from 1928 (*The Jack-Pine Warbler* began publication in 1926) to 1977 for $15.00 plus postage. At the time of this writing, this includes 168 issues beginning with the Fall 1928 and including complete volumes from 1938 to 1977 with the exception of 1951-1954 (six issues exhausted). Twenty issues, however are represented by fewer than 10 copies (these are mostly prior to 1938 and between 1950 and 1954). Sets will be assembled on a first come, first served basis; later orders will receive fewer issues. If stocks are depleted below 125 issues, prospective purchasers will be notified.

2. Individual issues (1977) may be purchased for 20 cents apiece with a $1.00 minimum (postage extra).

Regular prices are $.50-1.00 per issue 1928-1976 and $2.50 1977-1978. Either plan, consequently, offers substantial savings. Single copy sale prices are all below one-half price. Maximum savings, however, are available on sets; early purchasers will be saving more than $70.00 per set and later purchasers only slightly less.

You may order from **Michigan Audubon Society Bookshop, 7000 North Westnedge, Kalamazoo, MI 49001.** You will be billed.
